

Our Mission

TP2R facilitates and implements activities to achieve significant, meaningful improvements in the environmental quality of Tennessee and the quality of life for Tennesseans now and for future generations.

Our Vision for TP2R

- ✓ Become a national model for improving the environment and quality of life through cooperation and communication.

Our Vision for TP2R

- ✓ Foster a spirit of cooperation leading to shared goals and objectives that enhance environmental stewardship in Tennessee.

Our Vision for TP2R

- ✓ Become a credible, respected resource for environmental issues and the benefits of pollution prevention.

Our Vision for TP2R

- ✓ Benefit all Tennesseans through environmental outreach to improve understanding of issues, risks, priorities and solutions.

Our Vision for TP2R

- ✓ Motivate Tennesseans to work together to achieve meaningful and measurable environmental improvements.
